Wedding Information

Booking Deposit, Contract and Cancellation Policy:
A non-refundable deposit of \$100 at the time of booking reserves your date and time. The balance may be post-dated to two weeks prior to the wedding, by cheque or by email transfer. The post-dated balance is refundable with 60 days written notice of cancellation.

Please fill out the contract, sign it and return it to Marilyn by post or email. The completed contract with payment is due within 2 weeks of the booking.

Travel Costs

Travel within the Hinton area as far as the Overlander Lodge or Brule is included. Travel to the Jasper or Edson area is an extra \$150. Other areas, please consult with Marilyn.

Music Requests

Included in the ceremony cost, is a half hour of Prelude and/or Postlude music. I am happy to meet with the wedding couple in my home in Hinton to help choose music for the ceremony - typically the Processional, during the Signing of the Marriage Register and the Recessional. I wish to make choices according to your preferences. I have a large repertoire of music, much of which is not listed, so if you have a special request, please don't hesitate to ask. If your requested piece is not in my current repertoire, it is often possible for me to find and purchase the music, adapt it to the harp and learn it, given there is enough time prior to the wedding. For this service I ask \$50 per piece.

Punctuality

I allow myself plenty of travel time so that I am always ready to go ahead of time. I ask that you make every effort to begin your wedding on time, as I often have several weddings in a day. Thank you.

Outdoor Weddings

I do not have a portable piano, so booking piano music assumes a location with a resident piano.

The harp cannot be allowed to get wet or too hot. If there is a chance of rain or if the day is hot and sunny, you will be responsible to arrange a shelter for the harp. A pop-up tent-roof is sufficient. In cold weather, please be aware that the harp will go out of tune quickly and my fingers lose some of their agility. My recommended minimum temperature is 10 degrees Celsius. There should be a Plan B in place in case of poor weather.
